STAINLESS STEEL GASTRONORM PANS - EUROPEAN STYLE

SAFICO Gastronorm Pans are constructed with 18/8 stainless steel to EN 361 Standard and meets all professional needs. Double-reinforced corners and edges reduce distortion and prevent the pans from jamming together during storage. Sits firmly over steam table wells to minimise heat loss. NSF Listed.

Camwear Drain Shelves ensure that food and condiments stay fresh longer by keeping liquids separate from food. The finger notch allows you to place it in the bottom of your existing Camwear Food Pan to keep food product elevated and out of juices preserving freshness and food quality. CW Drain Shelves withstand temperatures from -40°C to 99°C.

Polypropylene Drain Shelves ensure that food and condiments stay fresh longer by keeping liquids separate from food. The finger notch allows you to place it in the bottom of your existing Translucent Food Pan to keep food product elevated and out of juices preserving freshness and food quality. Polypropylene Drain Shelves withstand temperatures from -40°C to 70°C.
